FYI about an item at Council Tuesday to reactivate a 2009 Alarcon motion re: criminalizing wage theft (motion attached). This could be yet another duplicative regulation that will make it more difficult to do business in Los Angeles.

Alarcon's motion:

The community impact statement created in 2009 by the Greater Valley Glen NC opposed the motion stating: "There are currently state and federal laws on the books to protect employees from abuse."

Hey guys! Check out the attached report. It seems the LA City Attorney has received a grant for Youth Tobacco Prevention. It seems like there could be an opportunity here to incorporate the increase in penalties for those who provide tobacco to youth into the City Attorney's program. Check it out:
